### **Working Bee**

On Saturday 8th May the centres on the left-hand targets were replaced. Two butts were given a double-thick centre pad to see how this modification of the basic design stands up to the pressure of high-powered bows shot by extremely accurate archers (that's all of us!!). Many thanks to those who took part, and particularly to Andrew Burr for generously arranging a trailer and allowed the use of his saw. We'll be discussing future Stramit supply arrangements at the next Club Meeting.

## **CLOSING DOWN**

### **Apple Isle Archery**

After 18 Years of trading Apple Isle Archery will close down and no longer trade after the 30<sup>th</sup> June 2010. Les, Trici and Clint wish to thank everyone for their support over the years and will continue to help if we can as we will still have stock of most common parts to repair arrows etc. Clint will continue to make strings and cables when required. Check with us for bargain prices on existing stock.

### **New Bow Racks**

Alec Skrinnikoff has installed the first of the new racks – and jolly handsome it is too! He is also working on a battery-powered lighting system to make it even easier to use the armoury.

### **Girl Guides**

Paringa Archery Club had another successful day taking our travelling show to the Quercus Rural Youth Park, Oaks Road (Agfest site) on Saturday 22<sup>nd</sup> May for the Girl Guide Convention. Approximately 500 Guides from all over State attended with around 240 girls giving archery a try. We were set up and ready to go by 10.00am and were packed up by 3.45pm. Quite a busy day when you consider this was done by four club members: Paul Fahey, Wally and Shirley Morphett and Les Freeman. Special thanks to Shirley Morphett for supplying lunch. Our club needs more help from members for these type of Fund Raising events, if you can help please talk to any of our club committee members.

### **Monthly medal results**

**22<sup>nd</sup> May 2010**

We kinda forgot the Burnie indoors are next week, but since there where a mixture of needs we all shot 60 arrows, some at 30m and others at 90m.

	Round	Score	Rating change	New rating
Brian Swinton	30m	512	+2	47
Andrew Campbell	30m	306	+1	9
Norman Lawrence	30m	211	+1	2
Kelvin Spann	30m	486	0	41
Ethan Spann	30m	455	-2	35
Andrew Fluck – recurve bow	30m	488	-3	44
Alec Skrinnikoff	90m	441	-3	83
Michael Skrinnikoff	90m	434	-5	84
Chris Lawrence	30m	421	-9	36

Many archers did not have a previous rating, so one was calculated using the David Luyer online rating table<sup>1</sup> using the first 30 arrows. This was compared with the rating for the whole shoot. So if the last 30 arrows were better, rating improvement was entered into the results table above. Because

<sup>1</sup> <http://www.luyer.net/handicap.html>

the original spreadsheet was constructed for Excel 2003, I had to use that program to insert the new archers with these initial ratings. The remaining data entry was done using Microsoft Excel 2007.

Congratulations to Brian on a two point rating improvement! He's going to need all his performance to compete overseas in September! Also, congratulations to Andrew Campbell and Norman Lawrence who got better as they went along. Finally, Kelvin Spann has an excellent rating, and shot EXACTLY the same score for the first and the final 30 arrows!

Sharp eyes will have noticed Andrew Fluck is using a recurve freestyle bow TEMPORARILY until he gets a new longbow. The new bow gave him a rating jump from 25 to 44, showing new equipment CAN make a difference. He also scored his first all-gold end.

### ***Who went best?***

You may have read the article in the Examiner about three generations of the Freeman family shooting in the Australian Open championships in Brisbane last month? Trici had the last word, saying "We will see who is the best out of the three of us won't we." Well you judge from the results:

- Trici = 2 x Gold Plus 7 x Nationals Records
- Clint = 1 x Gold & 1 x Silver
- Taylah = 8th Target & 7th Field (she achieved her top 10 finishes)

### ***2011 Youth Nationals – new dates***

The Organising Committee have investigated and agreed it best to change the date of the 2011 Youth National which will take into account the entire Easter weekend period. Unfortunately this will mean some states school holidays will not be covered by this period. We have been advised for competitors to take an additional 4 days off from school for a National Championships should not be an issue. The dates for the 2011 Youth National Championships will now be -

- Saturday 23rd April (Easter Saturday) Registration and Practice
- Sunday 24th April (Easter Sunday) Target
- Monday 25th April (Easter Monday and ANZAC Day) Target
- Tuesday 26th April Matchplay
- Wednesday 27th April Field
- Thursday 28th April Field
- Friday 29th April Clout/Farewell

It is highly recommended that you book your accommodation early as Morwell and the local area is very popular during the Easter period. In the next few weeks the Organising Committee will be providing a list of local accommodation that will be available.

### ***Ladies' Loo***

The cistern in the women's toilet is leaking – which is causing us to lose a lot of water. We are trying to fix it, but a new rubber valve didn't sort it out. Please bear with us as we try to solve the problem, and use the tap near the pipe if the cistern is empty.

## National Ranking Lists

Archery Australia has begun to publish national ranking lists for several age groups. You can see these on the web site, but you might be interested in these Paringa personalities:
