Public Liability Policy

Archery Australia provides RGB's, Clubs and individual affiliates (members) with a twenty five million dollar Public Liability Policy. The policy covers the Club/RGB and its members against injury or damage to other member/s and the members of the general public against injury and property damage.

Cover is provided to members of the public engaged in instruction (Come N Try) or a visitor (Temporary Member) and all current financial registered affiliates (members) irrespective of age of Archery Australia while shooting on an approved and registered archery venue or taking part in an approved activity.

Clubs must register their total shooting members and ensure any person shooting on their venue are currently registered with Archery Australia or a Temporary Member. Failure to register all persons shooting or engaged in approved club activities at a club venue or failure to comply with Temporary Membership rules may null and void the policy.

The Archery Australia Public Liability also covers clubs conducting archery activities on venues away from the registered club venue. Any activity away from the registered club venue must be conducted to Archery Australia Shooting and Safety rules and the club should undertake a Risk Analysis of the venue and activity. The club must advise Archery Australia of the activity and the venue arrangements so this information can be kept on file and added to the club venues list.

The policy does not cover members if they are shooting in their backyard or on a venue not registered with Archery Australia or engaged in an activity not approved by the club or registered with Archery Australia.

To ensure compliance and coverage by the Public Liability Policy clubs MUST ensure all persons shooting or undertaking instruction or coaching on their venue are currently financial registered affiliates (members) of Archery Australia or as a Temporary member and they comply with the Archery Australia Constitution, Rules, Policies and Procedures.

Instruction and Coaching must be done under the supervision of an Archery Australia accredited Instructor/Coach.

Club Shoots

The 13th July was the Bunbury Silver Leprechaun shoot with eleven archers braving a cold start for a magnificent days shooting. The double Canberra event (2 x 90 arrows 30@60m 30@50m 30@40m on a 122cm face) was highlighted by Michael Roberts efforts with a score of 812 setting a new AST record for the Open and Master Recurve divisions.

The 26th August shoot was a Townsville (2 x 36 arrows 36@70m 36@60m on a 122cm face).

Great day for archery at the cathedral.

Next Club Shoot: 9th August 2014

Indoor

Burnie put on a fine weekend for the National/AST Indoors this year with 36 archers taking part from Tasmania out of 765 from Au/NZ. Paringa archers didn't shine through but Tasmania certainly contributed some top scores.

Rabbit of the Month

This section is dedicated to notable actions that members may on occasion happen to do.

One of the more white haired archers, at the Burnie Indoors, shoot one of his worst scores ever, bent the front rim on his car (while doing a U turn to go and book his motel) and finally managed to lock himself out of his motel room all before lunch. Sometimes you should just stay in bed.

The final say

Well done to Ray Denton who has been putting in a number of Sundays, at the recently started George Town Archery club, to get their instructors up to speed and the club off to a good start.

Perhaps there will be an opportunity for some Northern TAS inter club shoots once Devonport Archers get started. Could there be a Northern TAS shield with club teams and a discipline shot at each venue. I.e: Burnie (Indoors), Paringa (Field), George Town (Clout) and Devonport (Target).

I guess for some of us, there is never enough archery.

Start saving!
