QRE

A windy day with a couple of showers for the QRE on Sat 1st Nov. Eight compound and five recurve archers shot WA 70/720, 60/720 and 50/720 rounds with mixed results. Visiting archers came from Burnie Bowmen, Hobart Archers and Vandiemans Archers with most staying for a sausage sizzle and coffee afterwards.

Next QRE: Sat 6th Dec 2014

Organiser: Paul Korosi

Midweek Twilight Shoot

Top start to the Twilight shoots, with the cathedral at its best for the very last end of the shoot.

Woody (Michael Woodroffe) wasn't impressed when his arrow was fractured by a field point (bottom arrow) that had been left in the foam butt.

Next Twilight: Wed 5th Nov

	<p>juniors. Successful completion by all. Issue about what constitutes completion of the course. Does this require attendance and success in each week of the course? Should a course be pre-requisite for membership? – insurance/ security</p> <p>The other issue was the condition of the small range on the East of the target range, which was wet and sloppy, but otherwise suitable for the courses. Digging a trench around the range is to be included in the next working bee.</p>	
Clubhouse repairs	It was noted that insurance repairs to the clubhouse after the August storms have been satisfactorily completed	
Armory Light	Thanks to Wal for repairing the armory light	
Reimbursement of National Championship fees	Jeff moved that we clarify re-imburement of fees for members shooting at the National Championships. As this has been the tradition, it was unanimously agreed. Two members shot at this year's event.	
Purchase of target centres	It was agreed to purchase ten new BCE target centers, plus 2 for Burnie Bowmen.	
Club Christmas event		
Membership	<p>Issues of new member access are arising with the increase in youth interest in the sport. Numbers of enquiries are increasing, which is good, though they are often from younger people already with compound bows. Interest in field course is increasing. Extended discussions were held to consider how we ensure safe practice and ensure new members are good for the integrity of the club.</p> <p>There have been concerns raised about the ease of access to club facilities and potential risks to and liabilities for the club. Young potential members enthusiasm for the field course and their interest in high powered compound bows increased the risks far beyond previous risk with low poundage recurve bows.</p> <p>As illustration, Wayne discussed an event a few weeks earlier where a member was allowing a non-member to shoot on the range, with the non-member not being covered by the club's AA insurance.</p> <p>Shirley had prepared a written proposed structure to the membership of the club to be presented at the meeting. She proposed a minimum of four C&T sessions (supported in a written submission by Rolfe), confirmed through attendance records, and the completion of basic training course prior to admittance as a member, with a further three months before presentation of keys. Only current members are able to use the club's facilities.</p> <p>While there was general support for the proposal, technicalities were discussed such as Jeff raising the issue of out-of-hour</p>

	<p>member to toilet facilities. It was also discussed that we don't wish to discourage new members.</p> <p>The Archery Basics course that was recently run by Caitlin will be run 4 times a year. This will allow a periodic flow of new members.</p> <p>Wayne proposed that a series of compulsory shoot to establish awareness of new members capacities, which was agreed to.</p> <p>It was noted that the current key register system is out of date and there are ex members that have retained keys. Geoff Dyer noted that at his previous club, Liverpool NSW, that members waited 3 months before keys were allocated and locks were replaced annually to ensure only current members had access.</p> <p>Unanimous agreement (proposed Paul K, 2nd Jeff) was reached that the club replace all existing locks, and Paul Korosi volunteered to organize a key register and check with Jacksons Locksmiths about DO NOT COPY stamped keys, as registered key were to expensive and inconvenient.</p> <p>Jeff propose minor changes to the current new member letter, inserting <i>"Your membership covers only you to undertake Target Archery activities at club facilities 27/7 and does not include archery activities for any 3rd party (friends, relatives etc)."</i> This was agreed unanimously.</p> <p>Discussions covered methods of displaying current membership status, as approaching 'unknown' people to ask to see their membership was challenging. Paul Korosi proposed, with wide support, coloured annual membership cards, but Jeff showed the method to be unworkable with the current AA membership payments structure based on time of payment rather than any annual period. Jeff noted the AA requirement for all shooters to display their current AA membership card at all times.</p> <p>Paul Mal suggested displaying AA rules at the range and Paul K agreed to print out a small sign.</p> <p>It was noted that legal changes would affect members, including the moves towards 'working with children' certification requirements. AA and club rules members will need such certifications in the future.</p>
