World Archery (WA)

Camo use

World Archery has been asked if anything used by the athletes can have a camo colour since the rule refers to clothing.

The answer is that World Archery has had a long standing policy that **anything used by an athlete cannot be in a camo colour at World Archery competitions** including all clothing, caps, equipment and anything carried or worn on the Field of Play.

Archery Austria has requested an interpretation on whether electronic cigarettes are prohibited.

It is the unanimous opinion of the Constitution and Rules Committee that **electronic cigarettes are prohibited** in all locations where smoking is otherwise prohibited under the Rules (see Book 3, Article 12.8: "No smoking is allowed in or in front of the athletes' area" and see Book 4, Article 28.4: "No smoking is allowed on the courses, in the practice or warm-up areas").

Rabbit of the Month

This section is dedicated to notable actions that members may on occasion happen to do.

It doesn't pay to be away from the range for too long. Even if it was from being bucked off a rough motor bike. Our intrepid archer had managed to get a lower poundage compound (what commitment) and used the field range to sight in at 40m. Wow all in the gold!

Back to the range and 6 at 40m on a nice soft foam butt. What the *\$#@^\$#!*, all in the wood. Oh, the targets at 50m. Now he knows how long bowers feel?

The Final Say

I visited George Town (GT) Archers to see how they are recovering from their recent equipment theft and if Paringa's donations have helped out. Six new recurve bows on the line and Tony (President) told me six more were on order. The Treasurer also told me she takes the new bows home and sleeps with them in her bedroom. Can't be too careful in George Town ☺.

GT Come and Try Sunday 7th December.
