Bi-monthly Club Meeting

At the recent club meeting the way in which we use the whistles to regulate shooting was discussed. The single whistle sound to both start and stop shooting is different from the normal competition format. For consistency and to avoid possible confusion, in future we will use the regulation format of:

Two beeps- go to the shooting line

One beep- begin shooting

Three beeps- collect arrows

Multiple beeps- emergency stop shooting/bows down

Come along and have a say in how your club is run.

Next Club Meeting: Sat 9th May 2015

Working Bee

Next Working Bee: As required

Organiser: All members

Groups

In May we had 3 groups attend the range with a total of 57 people being instructed in Archery. Sixteen of these were Army Cadets doing the [Community Archery Instructors Course](#) and all passed with flying arrows.

Do you know of a group that would love to have a go at archery (schools, corporate, birthdays etc)?

The Final Say

What's Archery Good For?

From an ABC report. Matt Brown, who during the height of the floods shot an arrow across the swollen river to create a flying fox. This act enabled urgent supplies like generators and medicine to be taken to the isolated community of Torryburn

Email from Past President - Tom Wild

Been a bit busy back in hospital and forbidden to drive or lift anything (like a bow) for a month or so but coming right.

I guess you will have noticed after Melbourne and Sydney I am taking the Australian Para and VI team to Germany for two week in August

Cheers Tom

Since I have been confined to barracks I have now finally published the three ebooks that I have been worked on for the last two years so the enforced rest did me some good.
