Recycle Rewards Correction

Last month's newsletter reported how we can donate to the club by using the Recycle Rewards Scheme and entering the club's bank account details. Unfortunately, there was a mistake in the bank details.

The correct bank details for Paringa are:

Account Name: Paringa Archers Launceston Inc
BSB: 067 003
Account: 28077738

Thanks to John Dodos for picking this up.

An Interesting Photo

Paringa Archers Newsletter

Target, Field and Indoor: 201 Reatta Rd, Trevallyn Reserve, Launceston, Tasmania
www.paringa.archerytasmania.org.au

The above is an interesting photo showing variations in target face resilience following June storms with high winds.

The left face is a competition all-weather face, put on square. The face is generally ok but with one rip at a corner.

Second from left is a paper face put on at an angle and survived well.

Right two faces were paper, put on square and ended up shredded.

A message could be that faces put on at an angle seem to fair best.

Thanks to Jeff Garner for the photo.

Competition News

1st Saturday Shoot

Unfortunately, rain resulted in the cancellation of the 1st Saturday shoot. Those who did turn up retired indoors for some practice, shooting a modified round using different size target faces simulating the outdoor distances. As this was an unofficial round, scores are not available on Archers Diary.

Mid-Week Shoot

There were 2 mid-week shoots this month, again proving popular with archers shooting a variety of rounds over 20 and 30m.

Results can be found at

<https://www.archersdiary.com/ViewResults.aspx?id=074387637-3458-4f71-a84e-a58d905144a6>
and

<https://www.archersdiary.com/ViewResults.aspx?id=08d50525a-5c9d-4ab9-ab88-dbe367d28bc3>

2nd Saturday Shoot

The weather threatened to disrupt the second Saturday shoot, as it had the first. However, the rain just held off to allow a small contingent to do some shooting. Highest score of the day went to John Dodos, with Tim Gleeson being the only other archer to shoot over 600 for a combined score. Others had registered but decided to opt for the relative warmth of the indoor range for some practice.

Northwest Indoor Burnie

The Northwest Indoor Championships were held over the weekend of 14 and 15 June, and 'Team Paringa' had a pretty good representation of members over both days. Paringa archers were:

Tatiana Griffiths	Open Female Recurve	2 nd Place
Todd Bowerman	Open Male Compound	1 st Place
Peter Mulholland	60+ Male Compound	1 st Place
Jeff Green	60+ Male Compound	2 nd Place
Jeff Garner	60+ Male Recurve	2 nd Place
Geoff Dyer	70+ Male Compound	1 st Place

Of special note is that this was Tatiana's first competition. Not only did she finish second with a very respectable score, but she also now gains a ranking of third in the state for Female Recurve. Well done!

4th Saturday Shoot

A few different 900 rounds were shot for the fourth Saturday, ranging from a 20m Newcastle round to the 30m Geelong and the 60/900 Canberra. Good to see a range of different bow types, from compound, to recurve, barebow recurve, with Paul being the sole longbow shooter.

Social shoots

Mini Clout

No 300's this month, but some close scores. Only one point between Bella and Paul for first place after the first round, with Paul managing to edge ahead after the second clout. It was equally close between Tony and John for third place with Tony just getting ahead by 3 points after the combined rounds.

Another Interesting Photo

Below is a photo from the Hoyt Archery Facebook page, it purports to show the travel of a bowstring using high speed photography. There was a message of caution attached to the photo though. It is a digital image, and the way some high speed shutterless digital cameras process the image onto the sensor is from top to bottom. So, what you are seeing is the image with an extremely short delay. The upper bit of the photo has captured the string just after release and the bottom is a fraction of a second later. It is true that strings do not stop in a dead straight pattern, but the distortion is nowhere near as much as shown in the photo!
