Hi,

I am the Para Unit Coordinator at the Tasmanian Institute of Sport and was hoping to be able to chat to you about holding an Archery come and try session for people with disabilities and impairments on Sunday 5th October from 10:30am – 12:30pm. I have spoken to Kevin Faulkner (who will also be coming to the day) and he pointed me to you guys at Paringa.

Part of the Para Unit here at the Tasmanian Institute of Sport is to help facilitate sporting opportunities and break down barriers for people with disabilities and impairments to increase accessibility to sport.

Would there be a time I could call to discuss the potential of this please?

Regards Kirstie Turner, PhD, Para Unit Program Coordinator

Hello all,

I would like to put forward an agenda item for discussion at the next executive meeting.

I would like to buy some of the club bows that are no longer used.

The ones that sit dormant in the racks in the armoury but with some repair and maintenance would be suitable for a beginner wanting their own equipment.

I see this as a great opportunity to generate additional income for the club and also assist in bridging the gap from come and try participant to new club member.

I am currently swamped with enquires and I am working hard to be that person for the club that can help facilitate the transition of new members and allow easy access to their archery equipment needs.

I am looking for the clubs assistance in helping make that possible.

I would be looking at purchasing 10+ bows of various poundage and LH/RH if that were feasible.

Regards,

Dean
