Paringa at Aurora Stadium

On Friday 5th February, a small number of Paringa Members ran a small display of archery at Aurora Stadium in Launceston. The event was supported by the Hawthorn Hawks, who delighted in a small archery contest of their own!

Recent Club meeting decisions

More people are needed in Ray's roster group 3; if you are not yet on the Come & Try roster, please approach any group leader and volunteer. Currently this means putting on a high-visibility jacket for three hours a month – and you get to improve your shooting by helping others with their technique.

A new name was suggested for the newsletter 'Paringa Prattle'. Please let the editor know your opinion, or any alternative title.

Are there any volunteers for AST Secretary/Public Officer? Please contact Murray Frith to find out more.

We discussed the Aurora quotation for a mains electricity connection. We resolved not to proceed, and we will investigate the possibility of improving the current generator arrangement, perhaps with automatic start-up and silenced enclosure, using a government solar rebate if possible.

Smoking on the line: we agreed to put up 'No Smoking beyond this point' signs at the side of the Clubhouse facing the road.

We discussed open-toed footwear. People with such sandals will be reminded they are not covered by insurance if this leads to injury.

Face pins

Ray Denton has been busy! Many of us have noticed the new bottle-cap pins on each target to hold the faces in place. Despite many thinking how Ray must have suffered drinking all those bottles of soft drink, he has actually constructed 160 of these pins with dowels and nails! A careful purchase from the beer-making section of the store spared his liver, and has made all our lives so much easier.

Thanks to Peter Starr from Burnie Bowmen for the sample set.

Many thanks Ray – much appreciated – by all!
