Happy New Year

A Plan for Paringa - 2018

This plan is a base to get people thinking about what could be, rather than what currently is.

The new Indoor Range offers Paringa an opportunity to promote the club for all those that enjoy archery. The Indoors is not a destination but a beginning for the club.

As well as offering an all-weather range the club gets an electricity connection with security system and NBN connection. This in turn provides live streaming of events with real-time electronic scoring and remote monitoring of the club's facilities. The opportunity also exists to connect a digital weather station for tournaments (See Tournament Management Policies) and online observation.

Goals

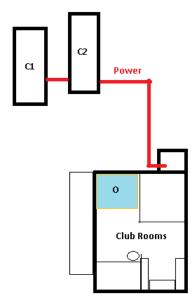

- Maximise the opportunity to shoot for all archers
- 2. Increase the standard of the facilities
- 3. Club gear for facility and equipment maintenance

4. Increase club exposure to the public and members

Action Plan

Action	Goals	
Come N Try on a Wednesday night	1	
Office with computer, printer, scanner	2	
etc		
PayPal online payment system for	2	
Credit, debit cards etc (no cash)		
Container usage (see below)	3	
School program promotion	4	
Group program promotion	4	
Come N Try promotion	4	

The containers are currently used for storage and these could be repurposed to provide a maintenance container and members archery workshop. An office would provide for club administration rather than members using their personal equipment to undertake club business (le: Computers, printers etc) and for storing club documents, rather than at members' homes.

C1 = Maintenance container

C2 = Members archery workshop

O = Administration office

Christmas Party

A great time getting together and celebrating the year that was with good food, fellow archers and family.

Everyone having a chat and enjoying Brian's BBQ skills with beef skewers and chicken pieces in Moroccan spices.

A couple of the many different items for dessert.

Once again, a big thankyou to Brian S for doing the BBQ and getting all the utensils.

Member Club Coaching

It's the holiday season but don't let your exercise drop off or your bow will feel that little bit heavier when you come back in the new year.

Simulated Bow Tension (SBT) exercise is a great way to keep your strength up without shooting. Five minutes each day will pay big dividends over time.

Use your bow (no arrow), appropriate weight Mediband or similar device to do your SBT exercises.

SBT exercise is

- 1. Use correct technique to draw
- 2. Hold for 20 seconds at full draw
- 3. Let down
- 4. 40 seconds at rest (2 x full draw time)
- 5. Repeat 5 times

As this gets easier, increase the full draw time. Work those back scapulars and not your arms. That's it, all done.

Compound Coaching Seminar 28th December

<u>Erika</u> and <u>Martin</u> Damsbo volunteered a day of their time while on holidays from Denmark, seeing family.

What a great session at Hobart Archers with a very free exchange of knowledge and experiences.

Martin giving Ian B some tips on his release aid.

Sarah H "helps out" with the BBQ lunch.

Core lesson for the day was "keep it simple" and minimise any movements while shooting.

It was interesting to hear Martin say he aims below the gold, so he can see what he wants to hit.

Keep an eye on the <u>club calendar</u> for the Saturdays when the Club coach will be at Paringa or email <u>coaching@paringa.archerytasmania.org.au</u> to arrange a coaching session.

Club Shoots

Shooting members can do beginner rounds to 30m, OZBow Tasmania rounds, club created rounds or AA rounds.

The last shoot for the year was a Drake. 90 arrows at 30m on an 80cm face. Nice and easy with a few 59s but no perfects.

Paul K and Damien C in the Christmas spirit with red and green fletches.
