New year, new flag. Yes, the flag should be **red** and not the **washed out pink** colour of the old flag.

Note the addition of the wood block step, to aid those a little height challenged.

Happy Birthday "Paringa Archers"

8th Feb 1961 Paringa Archers was named. That makes Paringa 57 years old this year. Why was it named Paringa? Minutes at

Face of Paringa

John Dodos has been working on his barebow recurve and longbow skills since joining the club in March 2017. He has recently settled on his longbow and started doing the Saturday club shoots, Wednesday Twilight short round and did the QRE on the 28th Jan. John is very approachable and loves a chat on just about any topic. He is often at working bees and helping at the

Come N Try Saturday sessions. He is also loving retirement!

Member Club Coaching

A must for every archer, is the humble “bow square”. This simple device allows you to consistently set your bows brace height and your initial knocking point. For \$10 (cartel) this tool should come with

every beginner's bow.

It is amazing how many beginner's and more experienced archers don't check their brace height when they string their bow.

Why is brace height important?

Think about it and do some self-coaching by looking it up on the internet or have a chat to me at the club.

Email coaching@paringa.archerytasmania.org.au to arrange a free member coaching session.
